## LAND CASE SENT TO HENRY COUNTY

Case of Jackson School Township  
vs Wilkinson is Sent Out of  
County for Trial

### JURY CASE ON TOMORROW

Robbins vs Mascari Will be Tried  
and Another Will Case Next  
Week—2 Divorces Dismissed

The case scheduled for trial today in circuit court of the Jackson School township against Ethel Wilkinson, et al., a suit to condemn school land, was given a change of venue and sent to Henry county.

The court previously had ordered the land condemned for school building purposes in Jackson township, but when it came for settlement, the defendants are said to have asked too much money for the ground, and the matter was taken into court to arrange a price for the land.

The jury will be used again tomorrow in circuit court when the case of the W. H. Robbins company of Greensburg against M. J. Mascari of this city will be tried. The suit is on an account in which \$177 is demanded by the plaintiff. They allege that it is an amount due on a car load of water melons sent to the local commission firm. The case was heard in Squire Stech's court this fall, in which judgment for the plaintiff was found, and an appeal was taken by the defendant to the circuit court.

Another will case will begin Monday in circuit court, which is the suit of Mary F. Ball against May D. Siler, Edwin K. Alsmann and May D. Siler as executrix of the estate and the will of Anna Martha Aslman and is a complaint to contest the will.

The defendant has filed a motion with the court asking that a special venire of 25 names be drawn. The suit promises to attract a great deal of attention, as the will suit heard this week was the first one to be heard for several terms of court.

Two divorce suits were dismissed today in circuit court, one being the case filed by Jennie O. Scott against Thomas B. Scott, and the other one filed by Hulda McCarty against Fred McCarty. The latter case also was a complaint for support and \$1,000 alimony. Both were dismissed upon payment of the costs today.

"John Doe" or William Brady, who was found guilty on a serious charge by a jury in the circuit court a few weeks ago, has filed a motion for a new trial. Judge Sparks has never arraigned Brady since the trial, for the purpose of passing sentence. No action has been taken on his petition.

John C. Hokey, who is held in jail on a charge of embezzlement and for grand larceny, after having confessed to taking money from the I. & C. traction office, has not been arraigned yet, but is probably being held to await the outcome of several affidavits which have been filed in the city court. Hokey's bond has been placed at \$1000, which has not been provided.

## ASKS FOR PEACE IN IRELAND

British Labor to Seek Negotiations  
With Premier Lloyd George

(By United Press)

London, Dec. 16.—British labor today asked officials for peace in Ireland.

As the result of the forenoon session, the executive committee representing the labor party, arranged to send a deputy to Premier Lloyd George in the interest of peace.

This action was taken after the committee heard the report of Arthur Henderson and others who recently investigated conditions in Ireland. Henderson stated that he was convinced that the time had come for negotiations. Other members of the party remained in Ireland for a time and will investigate other cities.

## STOLEN CAR IS RECOVERED

Ford Belonging to Clarence Binford  
Found in Carthage

The Ford automobile belonging to Clarence Binford of Carthage, which was stolen while standing in front of the Carthage school building Tuesday evening, was abandoned on a side street in Carthage and was found late Wednesday afternoon.

The machine had evidently been used by joy riders and then left. It was located near a vacant house in Walnut street. The car bore the initials of the owner and could have been identified easily, which may have been the reason for the thieves abandoning it as quickly as they did. Mr. Binford was attending a basketball game between the Carthage Independents and Arlington Athletic club when the automobile was stolen.

## CODICIL OF GROVES WILL IS SET ASIDE

Jury Decides in Twenty Minutes Deceased Was Unduly Influenced  
in Making Codicil to Will

### FOSTER CHILD GETS PROPERTY

The jury late yesterday afternoon returned a verdict for the plaintiff in the case of Wright vs Wyatt, administrator, and the codicil to the will of Mary E. Groves was set aside as prayed in the complaint by the plaintiff, Mrs. Nellie Hunsinger Wright.

The jury was out 20 minutes, when they reached the decision on the third ballot. The evidence showed that Mary E. Groves made her home with Charles Wright and family at the corner of Seventh and Jackson streets, and the original will bequeathed the estate to a foster child, Mrs. Nellie Wright. The testimony of two witnesses showed that the codicil to the will was made a few hours prior to her death, and the property was given to Mrs. Charles Wright, a niece, in the codicil.

The jury decided that the deceased was unduly influenced and was not capable of making a codicil to the will, when so near death, and judgment was found for the plaintiff, in which the original will was held good. C. W. Duncan represented the plaintiff in the case and B. F. Miller of this city and W. K. Sparks of Connersville, the defendant.

## COUNTY ASSESSOR IS AT STATE CONFERENCE

Earl Priest Meeting With Tax Officials  
Discussing Administration  
of Law

### STATE BOARD MEMBERS SPEAK

Earl Priest, Rush county assessor, is attending the conference of county assessors of the state in Indianapolis, which was called by the state board of tax commissioners for a discussion of the administration of the tax law.

The conference opened Wednesday and was addressed by Gov. Goodrich, and Fred A. Simms of the state board. Philip Zoercher and John J. Brown, members of the state board, were on the program for today.

William C. Harrison, secretary of the board, will discuss the inheritance tax and William N. Cox, of Park county, will speak on preparatory work to be done by county taxing officials before March 1. Elmer Ferguson, of Delaware county, is scheduled to discuss work of county boards of review, and George F. Fraser, of Tippecanoe, the problems of the township assessor. George C. Bryant, a federal tax field agent, also is scheduled for an address. Round table discussions are also a part of all session programs.

## GIVES SCHEDULE FOR XMAS MAIL

Local Postoffice Issues Table in  
Which Persons Can be Guided  
About Mailing Packages

### RUSH HAS ALREADY BEGUN

Gifts to Many States Should be  
Made at Once to Insure Prompt  
Christmas Delivery

The real rush of Christmas business will begin in a day or so at the local postoffice and the force is getting prepared for the rush which always comes the week before Christmas. Several special men will be added to the force in order to keep things going and to prevent a congestion at the last moment.

The appeal to mail Christmas packages early is being made again this year as in the past. Most of the packages that have already been mailed are those that are to be sent to such distant points as California and New Mexico. Many inquiries have been made as to when packages for various states may be sent from Rushville so as to arrive in time for Christmas and in answer to these questions a schedule has been announced, giving the time at which packages must leave the local office so as to reach the various states of the Union in plenty of time. Packages that are to be sent to California for instance, should be mailed before Saturday.

To insure the delivery of gifts before Christmas it will be necessary to mail according to the schedule announced today by Assistant Postmaster Charles Brown. The schedule gives dates on which mail should be mailed from Rushville in order to reach the various places as follows:

Friday, December 17—Arizona, California, Idaho, Nevada, Oregon, Utah, Washington, Colorado, Montana, New Mexico, North Dakota, South Dakota and Wyoming.

Saturday, December 18—Florida, Kansas, Louisiana, Maine, New Hampshire, Nebraska, Oklahoma, Texas and Vermont.

Monday, December 20—Connecticut, Delaware, Iowa, Maryland, Massachusetts, Michigan (northern peninsula), Minnesota, New Jersey, New York state, Pennsylvania, Rhode Island, Washington, D. C., and Wisconsin.

Tuesday, December 21—Alabama, Arkansas, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, Virginia and West Virginia.

Wednesday, December 22—Illinois, Indiana, Kentucky, Michigan (southern part) and Ohio.

Thursday, December 23—Mail for local delivery in Rushville, nearby points in Indiana and Ohio.

Friday, December 24—Mail for special delivery service in Rushville.

## ISABELLE M'DANIEL DIES AT ARLINGTON

Widow of the Late Jesse McDaniel  
Succumbs to Cancer This  
Afternoon at Age of 79

### FIVE CHILDREN SURVIVE HER

Mrs. Isabelle McDaniel, widow of the late Jesse McDaniel, died this afternoon about one o'clock at her home in Arlington, following a long illness of cancer. The deceased was 79 years old, and made her home for eighteen years with her daughter, Mrs. Fred Woods of Arlington.

Mrs. McDaniel was a member of the Christian church in Arlington, and was well known in Posey township. She is survived by the following children: Mrs. Woods of Arlington, Lee McDaniel of Indianapolis, Jasper McDaniel of Arlington, Mrs. Laura Seward of Kentucky, and Mrs. Ira Long of Arlington.

The funeral arrangements have not been completed but will probably be held Saturday afternoon at Arlington.

## SANTA CLAUS IS DEJECTED TODAY

He Expected More With Coming of  
Christmas Weather But is Again  
Disappointed

### BARE \$200 IN THE FUND NOW

Arrangements Made For Buying and  
Distribution by Committees From  
Two Organizations

Previously acknowledged --\$186.80  
Mr. and Mrs. S. L. Trabue -- 5.00  
Salvation Army Kettle ---- 15.47

Total \$207.27  
Santa Claus was rejoicing Wednesday because the weather man came over on his side and his friends responded with approximately forty dollars for the fund which is being raised for the purpose of making a happy Christmas for the poor children of the city and the needy families who have no prospect of a good meal on the day of days.

But today he was dejected. He had ample cause to be because his friends did not keep up the good work which they started yesterday. Only one contribution was made and this, together with the faithful Salvation Army kettle's collection, was the only additions made today.

The kettle is doing stalwart duty, making its daily appeal to Christmas shoppers as they hurry along the street, but the kettle alone can not be expected to pull the Christmas fund out of the slump and put it on its feet. Santa Claus must have \$500 or more to meet the needs of the occasion and he now has a bare \$200. Santa Claus is not quite sure about the other \$300 but he has not yet lost faith in the public benefactors who have always come forward at the last moment.

The committees from the Elks and Rotary clubs, working with Capt. Marks of the Salvation Army have gone forward with their plans and are also confident that enough money will be raised to supply all of the unfortunate children and families of the city. A method of buying and distribution was decided on at meetings held Wednesday afternoon and Wednesday evening and the buying will be started in a few days. The investigations were at work this morning finishing up their part of the effort and the complete lists were to be ready by this afternoon or evening.

The plan agreed on is the following: The preparation of the baskets of food to provide an ample Christmas dinner for the families needing one, will be left entirely to the Salvation Army captain. Present indications are that there will be approximately forty families to be remembered in this way.

The baskets will be filled in the sheriff's office as was done last year and donations of food for the baskets will be received there. Farmers and Rushville people as well are urged to take contributions of any fresh vegetables or canned fruit to the sheriff's office any time Saturday or next week up until Christmas day. The baskets will be filled according to the size of the family.

The investigators prepared the names of the families on large pasteboard cards, one family to the card, and designated the number in the family, giving the names and

## FARM TENANT IS DEFENDANT

Charles Woods Alleged to Have  
Failed to Live up to Contract

A complaint for possession of real estate and \$25 damages was filed this afternoon in circuit court by James B. Hall against Charley Woods. The complaint alleges that the plaintiff is the owner of 110 acres in Richland township and has a tenant house on the land which he rented to the defendant with the understanding that he was to receive \$1.50 a day and the house for his services. The complaint states that during corn shucking time, the defendant refused to work for \$1.50 a day and demanded pay by the bushel. Because of the differences arising between the two, he is not working for the plaintiff, but still holds possession of the house.

## SATURDAY IS FIXED AS ARRAIGNMENT DAY

Men Being Arrested as Result of  
Confession of John C. Hokey  
To Come Into Court Then

### ABOUT THIRTY AFFIDAVITS

About thirty affidavits have been filed in police court, according to Prosecutor Stevens, and the police today were busy serving warrants on the men, who were said to be implicated in gambling, as brought out by the confession of John C. Hokey, a traction employee who told the officials that he lost \$375 Sunday playing games in a soft drink parlor in the western part of Rushville. Mayor Irvin was absent from Rushville today, and he set Saturday morning at ten o'clock as the time for all men to make their appearance in connection with the affidavits.

Prosecutor Stevens stated that all warrants had not been served, but mentioned the following names against whom charges have been served or will be before Saturday: Charley Perkins, Albert Pea, Charley Sorrell, John Beale, "Nig" Bennett, Leslie Downey, Fred Jones, Gordon Bennett, Albert Sorrell and Chase Bennett.

The prosecutor stated that the above was only a partial list, and intimated that some would probably have more than one charge against them.

## MAKES FOMENTING OF STRIKES CRIME

Bill Passed by Senate Today to  
Prevent Strikes Interfering  
With Interstate Commerce

### PRISON SENTENCE ATTACHED

(By United Press)

Washington, Dec. 16.—The senate today passed the Poindexter bill which makes strikes that interfere with interstate commerce a crime.

The bill which was passed without debate, makes it illegal to foment strikes or prevent workers in interstate commerce continuing in their employment. It provides a maximum fine of \$15,000 and ten years imprisonment for violation.

It also provides in the bill that it shall be a crime for directors or managers of railroads to enter into any controversy to prevent operation of trade to bring pressure on the settlements of labor disputes.

This provides a \$500 fine or 6 months imprisonment for violation. It is believed that the bill will encounter some difficulties when it comes up in the house.

## HOLIDAY SPIRIT IN LOCAL STORES

Wealth of Christmas Greenery Used  
in Decorations Add to Their  
Attractiveness.

### STOCKS ARE WELL ARRANGED

Merchants Have Had Steady Business  
and Are Preparing For  
Increase the Last Week.

The business section of Rushville has taken on a Yuletide appearance and the merchants have been complimented upon the beauty and attractiveness of the Christmas decorations. The display windows of many of the shops have been decorated with strings of laurel and other greenery. The laurel has been placed around the edges of the windows and doors and used abundantly in the interior decorations. This practice has been followed here for several years and lends a distinctive holiday touch to the business houses.

There has probably never been a time when the display windows and the interior of the stores have been as elaborately and artistically decorated as they are this year. The majority of merchants have arranged their display windows for the last time before Christmas and they are filled with gift suggestions. Most of the windows are well illuminated and the brilliant colors sparkle under the bright lights.

With the exception of a few days, the business houses up to this time have not been crowded at any one time but the holiday trade has been steady during the month of December. One merchant in commenting on the steady business this month said that he believed that the public is realizing more and more the value of early shopping and that the Christmas buying in the early part of December and even during the month of November has served to prevent to some extent the big rush which formerly came a few days before the season closed.

The merchants, however, are looking for an exceptionally heavy business from this time, and next week is expected to be the biggest buying week of the entire year. There are always hundreds of people who do not find it convenient to make their selections weeks in advance of Christmas and many others always find some shopping that cannot be done in advance. Some of the merchants have arranged for extra clerks to be on duty next week so that the customers may receive prompt attention.

Practically every retail store in Rushville will be open of evenings next week for the accommodation of shoppers who can not go on a shopping tour in the daytime.

The Christmas stocks this year are large and have attracted wide attention. In every line there are numerous suggestions for gifts and the merchants have done everything they possibly could do to select stocks that would meet with the approval of their customers.

There was a big out of town trade here last Saturday and it is expected that next Saturday will find the stores crowded most of the day.

## MEMBERSHIP IS INCREASED

Three New States Admitted to League  
of Nations Today

Geneva, Switzerland, Dec. 16.—The membership of the league of nations was raised to 46 today by the admission of the states of Luxembourg, Bulgaria and Finland.

Austria was admitted yesterday. Finland previously had shown a willingness to co-operate with the league by permitting the Aaland Island dispute to go before it.

The grand duchess of Luxembourg satisfied the league's rule and established firmly the belief that the nation would carry out international obligations.

U. R. K. OF P. TO MEET

## OIL PROMOTERS TO DRILL NEAR LAUREL

Seymour Company Leases Land East of Laurel and Whole Community is Shaken by The News

### GAS IS SAID TO BE GOOD

Laurel, Dec. 16.—Land in the vicinity of Duck Creek, east of here has been leased by the Seymour, Indiana Oil company, and preparations are already made to drill for crude oil which officials of the company believe underlies this region.

The first well will be sunk along Duck Creek. This well will cost about \$10,000. Owners of land along the creek, and, it is said, in other places where the oil is believed to be, have given numerous leases. Those who have done so include H. Cooper, Howard Clark, Glen Calpha and Oliver Buckler. According to the agreement, it is said that these men will receive one-eighth of the income if oil is found.

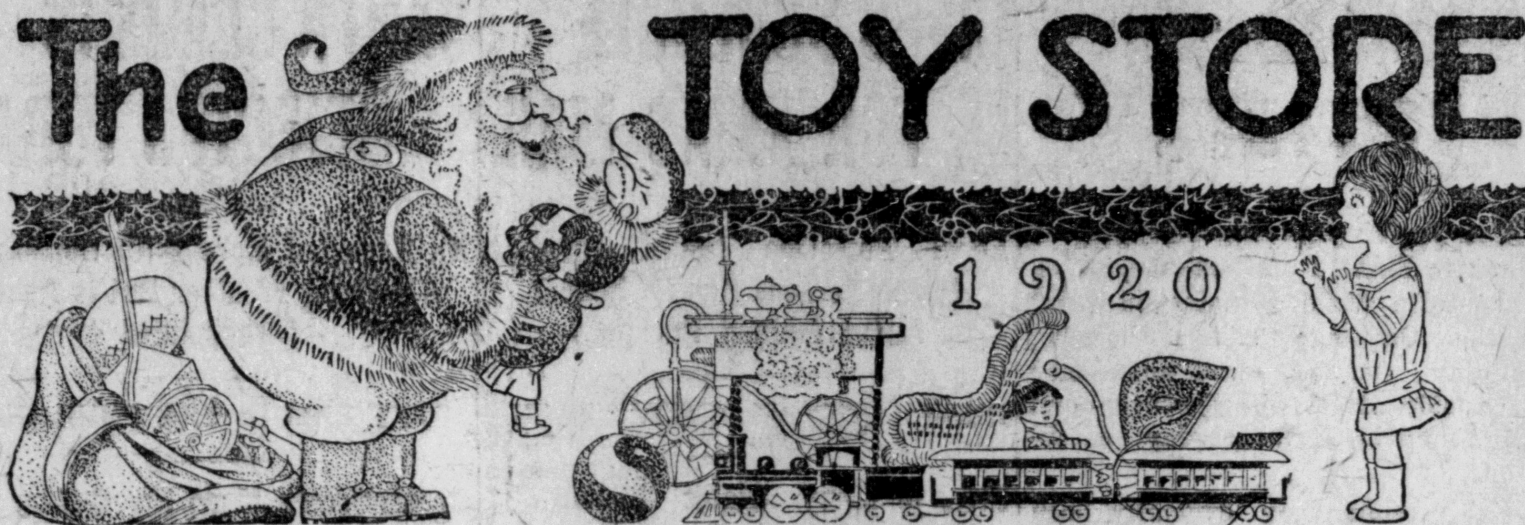

Gas has been found in the territory of Duck Creek. Wells on the Masters farm have been providing an abundant supply for some time. It is said that there is usually oil where gas is found and promoters of the oil-digging project base their beliefs largely on this assumption, it is said.

The immediate vicinity of Laurel itself is also believed to be underlain with crude oil, and it is probable that as soon as the actual work of the company begins wells will be sunk not far to the east of Laurel. No announcement as to when operations will begin is as yet forthcoming.

### FACE TOWARD NATIVE LAND

#### King Constantine Leaves Italy, Escorted by Battleships

(By United Press)

Venice, Italy, Dec. 16.—With great secrecy, five big battleships, slipped out of the lagoon into the early morning mist today.

After hours of delay King Constantine was enroute to Greece. The American and British warships which were lying in the lagoon were not informed either as to the hour of sailing or the route to be followed.

There were no salutes from the warships as the Constantine cruised headed into the Adriatic. The secrecy was the result of great fear of Italian authorities that some harm might occur to the king before he left Italy.

## FEDERAL TAXES CAN BE REDUCED IN 1921

Rep. Mondell Says They Can be Lowered by Cutting Appropriations \$1,250,000,000

### 44 PERCENT OF WAR DEBT PAID

Washington, Dec. 16.—Taxes can be reduced during 1921 if congress cuts government expenditures, Representative Mondell told the house today.

Mondell advocated reducing appropriations from \$4,500,000,000 asked by government department, to \$3,250,000,000 and opposed the claim of Secretary of Treasury Houston that government revenues must be kept to four billion annually for at least two years.

He also opposed the attempts to reduce the war debt heavily during the next few years, asserting that the nation had already paid 44 percent of the war bill if loans to the allies are not considered. Mondell stated that victory notes totalling about \$4,500,000 can not be paid without increased taxes and should be changed to long term obligations.

Mondell outlined the general views of the republican leaders and told of the efforts to frame revenue policies. A general agreement was expected to be reached to make a big slack in appropriation bills which Mondell said is essential to reduce taxes.

These reductions are expected to be made in the army, navy and sundry civil appropriation bills which are said to estimate a total of \$935,000,000 in excess of the current appropriations.

The Mexican Outlook

Although he is a man of achievement in military activities, the new president of Mexico is primarily a business man, a substantial man of affairs in private life. He is not a grafting politician or political adventurer such as many of the men who have been prominent in Mexican affairs since the retirement of Diaz. There is every reason to believe that he will be able to enlist the support of the better element of Mexican citizenship, command the respect of

other nations, and establish orderly government in our sister Republic. In that event, which is deeply to be wished, the people of the United States may resume their commercial relations with the people of Mexico on a basis of mutual confidence and with benefit to the interests of both nations.

Mexico is in great need of the assistance of not only American capital, but of American skill in large industrial undertakings. Many of Mexico's resources are such as to require development on a large scale in order to assure the highest success. The mines, the oil deposits and even the large areas of unused agricultural and grazing lands, can best be developed by men who have had extensive experience in forming organizations for production transportation and trade. America has an abundance of capital, plenty of men who have been trained in the practical management of large enterprises, and a spirit of friendly cooperation. The new President of Mexico seems to be a man who will seek to encourage legitimate investments by foreign capital in the development of the resources of his country. The next President of the United States will be a man who will do every thing proper to cultivate friendly relations without sacrificing that national self respect which necessitates recognition of the rights of our citizens.

The administrations of Harding in the United States and of Obregon in Mexico should be remembered as marking the restoration of a feeling of mutual respect and confidence be-

tween the two great republics of North America.

What Buying Abroad Will Do

About 4000 employees of a cotton manufacturing plant recently volunteered to accept a reduction of 15 percent in wages if they could be kept at work. The company had announced that it must curtail production because of lack of orders. But coincident with this there was the publication of government statistics showing heavy increases of importations of cotton goods made in England. If the American mill worker were assured of the business that goes to Europe, there might be less talk of curtailment of American production.

One of the leaders of a Harding Democratic Club has been suspended by his local labor union because of his activities during the campaign. Evidently the union hopes to put the fear of Gompers in his heart.

We notice that people who are thinking of Europe first are getting little attention from the American people.

Mr. Harding's fishing experience in the Gulf of Mexico is remarkable in at least one respect. The fish he caught were larger than the stories he tells.

Canadian fruit growers have been working over the shortage of barrels. But there ought to be a comfortable surplus in the United States by this time.

A good way to close the mouth of a road critic is to ask him how much he pays toward its maintenance.

And still, we are not ready to admit that all men are evil minded. Some have no minds at all.

## S. AMERICA WISHES BETTER CABLE SERVICE

Complaints to Senate About Desiring to Get News From North America Via Cables

### UNITED PRESS FIGURES

Washington, Dec. 16—The lack of adequate American cable facilities between North America and South America and the dissemination of news, was told today to a special senate committee which is investigating the cable service in South America.

Walter Rogers, one of the American delegates to the international communication congress, told the committee of the United Press's initial dissemination of news in South America through American newspaper agencies.

He stated that there was a great demand in South America for news from this country. Rogers said that the United Press was followed into this field by another news agency. The demand for American news there is tremendous, he stated, as indicated by the way the United Press dispatches were received in South American newspapers.

He urged that greater facilities for transmission of such news be effected. The fight between the government and the Western Union Telegraph Company over the government's effort to prevent the laying at Miami of the United Press cable which was to have been connected with the British South American cable at Barbados, also was before the committee.

Acting Secretary of the State Davis upheld the government's position in the fight and Newton Carlton, president of the Western Union, upheld the company's fight over the controversy.

### WILL HOLD PITCH-IN

## PLAY SHELBYVILLE HERE

Odd Fellows Will Meet Stiff Team On Tuesday Night.

The Odd Fellows basketball team will meet the strong Independent team from Shelbyville here on Tuesday night, on the floor at the Modern Appliance building in West Third street. The preliminary game will be played between the two high school teams from Arlington and the Webb school, and this game will also attract considerable interest from the two places.

The Shelbyville team has a strong line-up and Tuesday night of this week defeated the Columbus American Legion team by a big score. The first game will begin at 7:15. The Odd Fellows will journey to Blue Ridge Saturday night for a game with the team from that place.

## SANTA CLAUS IS DEJECTED TODAY

Continued from Page One

ages of the children and what they wish in most cases for Christmas. It is also designated on the cards which families are to receive a basket.

The cards will be divided equally between the Elks and Rotary club committees and the committees in turn will select one man for each family, who will buy the things needed for the children in the family, a given amount of money allotted to each family. The man receiving a family is responsible for the purchasing of the gifts and for their delivery Christmas morning. He may buy the gifts and prepare them at his home, and on Christmas morning, go to the court house and get a bag containing candy, nuts and an orange for each child in the family for which he is sponsor. The candy, nuts and oranges will be bought in bulk and sacked by a committee to be selected for that purpose in the meantime.

### Plants for Christmas.

Other things being equal, it is better to buy plants near one's home than to travel afar. Do not be tempted, even by cheap offers, to go miles away, for counting car fares, packing, expressage and lost time, the ultimate cost is very likely to be more than if you paid a good deal higher price at home. Of course it may happen that one grower or florist has a large stock of some one thing and can sell at a low rate, but dealers usually have an understanding with one another especially regarding holiday prices, and for weeks before the holiday season they have been balancing stock with each other, so that the better quality plants are of an almost fixed value.

### Christmas in Days of Yore.

There are many old and stately ceremonies and many historical events connected with Christmas that are well worth perusing, and that give us glimpses of ye ancient times when our fathers and our fathers' forefathers celebrated and revelled and gave of their abundance to those for whom nothing was prepared.

## SHELBYVILLE PLAYS HERE FRIDAY NIGHT

High School Basketball Team Will be Accompanied by Large Delegation of Rooters

### COMING WITH CLEAN RECORD

The Shelbyville high school basketball team comes here tomorrow night for a game with the Rushville high school and one of the best games of the season is expected to take place, because of the strength of the visiting team. They come here with a clean record so far this season, and it will be up to the local team to give them their first defeat.

Rushville has been playing fast ball the last month and every team it has met has gone down in defeat. The victory over the Columbus team last Friday at Columbus, shows that Rushville is now playing real ball and if they hold out for a few more games a winning team will be sent from Rushville to the state tourney next March.

Shelbyville will send a large delegation to this city and a preliminary game will be played beginning at 7:15 but it is not known yet what teams will play in this game.

Basketball fans in Rush county the anxiously looking forward for the game here next Wednesday, when the Milroy high school plays a return game here and Coach Sutton is confident that if Shelbyville falls tomorrow night, that a victory is certain over the Milroy team.

## SUM OF \$200,000 TO BE ASKED FOR GUARD

Legislature Will be Requested to Maintain New Military Organization, it is Announced

### PLANS ARE PROCEEDING

Indianapolis, Ind., Dec. 16—An appropriation of \$200,000 will be asked of the legislature in January for the expense of organizing and maintaining Indiana's new national guard, Adjutant General Harry Smith said in a statement issued here.

This is the same amount used in the national guard activities in 1917 and 1918 when the guard was being organized and sent to war.

Believing that the new Indiana guard will be equipped by the federal government, General Smith, explained that the money he asked for, will be necessary for organizing the guard, restrictive expenses and purchase of armory.

General Smith is proceeding with the plans of the guard for next year which indicates that he has been assured of being reappointed to the place by Governor-elect McCray.

## MUNCIE OFFICIALS IN FOR ANOTHER PROBE

Federal Grand Jury Again Looks Into Several Different Matters Concerning That City

### SEVERAL LAWS VIOLATED

Indianapolis, Ind., Dec. 16—Activities in the government building here indicated the federal grand jury moved rapidly in its investigation of the alleged violation of the national laws in Muncie.

Several important witnesses lingering around the jails and government buildings were eager in their activities. Among those at the door to go before the grand jury for violations in Muncie were Jean Williams, former deputy prosecuting attorney Delaware county, and John Noles, former member of the police force.

Those waiting to appear before the grand jury indicated the government was investigating not only the violation of the liquor laws, election and postal laws but also of the drug law.

## Sick Folks There Is A Cause for Your Illness

I know how to locate that Cause. In ninety-five per cent of the cases it is due to a Spinal Nerve pressure resulting from displaced vertebrae.

I know how to Adjust the vertebrae to their proper relation, thus relieving the nerve pressure.

I know when this nerve pressure is relieved a normal amount of nerve energy life force may be transmitted to the weak parts of the body, and a complete restoration will take place according to nature's own good way of doing things. The same force or power that built your body in the first place is the power that must get you well.

I know, if there is any hope at all for your recovery, and, if you will stick to Chiropractic, you will get well, because it goes directly to the Cause.

I know that if you will come to my office for a complete consultation and information regarding your trouble I can convince you fully that Chiropractic is right. And you will want to try it and get well.

LET THESE COLUMNS BE YOUR GUIDE

Mahoning council will have degree work and a pitch-in supper at the lodge rooms Friday evening. A big attendance is desired.

Mrs. William Higgs delightfully entertained the members of the Industrial club today with an all day quilting party, at her home in West Fifth street. At noon a delicious pitch-in dinner was served and the remainder of the day was enjoyed in quilting. A large attendance was present for the meeting.

The First Baptist Ladies Aid society held a business meeting yesterday afternoon at the home of Mrs. E. E. Perrin in North Morgan street. During the business session the following officers were elected for the coming year: Mrs. Robert Stewart, president; Mrs. E. E. Perrin, vice-president; Mrs. Clifford Steffy, secretary; and Mrs. Charles Casey, treasurer. No other business of importance was transacted at this meeting. There was a large attendance at this session.

Mrs. Alva Newhouse entertained with a birthday party Tuesday afternoon during the hours of 3:30 to 5:30, honoring her little daughter Ruth's eighth birthday. The hours were enjoyed with games and music and at the close of the party the little girls were invited into the dining room where delicious refreshments of ice cream, cake and candy was served. The centerpiece for the table was a large birthday cake adorned with eight candles. Small dolls were given as favors. The guests were Frances Beale, Opal Estes, Virginia Innis, Eloise Morris, Helen Francis, Mary Price, Helen Price, Dorothy Conner, Alice Newbold and Betty Carmel.

Mrs. A. G. Abernathy of Homer was hostess for the Christmas meeting of the Homer Embroidery club at her home in that vicinity. There were thirteen of the member present and their husbands and Mrs. E. L. Sever, of Waldron were also present. The home was beautifully

**HIS SUGGESTION**  
"We'll have to economize this Christmas, my dear."  
"Yes, but how?"  
"I've an idea. Let's give your relatives the same kind of cheap gifts we always give my folks."

## FRIENDS

I used to watch for Santa Claus  
With childish faith sublime,  
And listen in the snowy night  
To hear his sleigh-bells chime.  
Beside the door on Christmas Eve  
I put a truss of hay,  
To feed the prancing, dancing steeds  
That sped him on his way.

If children of a larger growth  
Could have a Christmas tree  
From Father Time, one gift alone  
Would be enough for me—  
Let others take the gems and gold,  
And trifles light and vain,  
But give me back my old belief  
In Santa Claus again!

decorated in Christmas colors. At the noon hour a sumptuous pitch-in dinner was enjoyed. The usual business meeting followed during which officers for the coming year were elected. Those elected were president, Lutie True, vice president, Cliffy Mull; secretary, Amanda Brown; Cliffy Mull and Rosa Innis each gave a reading, after which the distribution of Christmas gifts took place. The January meeting will be held at the home of J. W. Arbuckle.

## Santa Claus Uses Thirty Million Feet Lumber For His Many Toys

**Wood Holds First Place For American Made Toys Because of The Cheapness and Are Most Suitable For Age of Those Who Receive Toys.**

(By United Press)  
Washington, Dec. 16—"Wrap with care if you care a rap," says the Postoffice Department to everybody who is in private consultation with Santa Claus these days. This is particularly to be impressed upon those who are telling Santa Claus about toys for certain people, says the American Forestry Association for the American toy business is a big one and the shipment of these toys is a business in itself. Thirty million feet of lumber is used every year in the American toy business. The question of "bucking" the foreign made article is up to the consumer and all he has to do is to demand the home made article.

When the mechanical toy is taken into consideration some idea of the immensity of the toy business may be gained, the American Forestry Association adds when you stop to figure how many jumping jacks, for example can be made from thirty million feet of lumber. Wood holds first place in the material for toys, because of cheapness and because the articles of metal are not suitable for the age of those for whom toys are intended.

There seems to be no end to the kinds of things that appeal to children and the fact of the matter is here are styles in toys just as there are in other things. A war will decide the run of toys for a period. All of us remember the vogue of things Russian and Japanese during the war between those countries. The World War brought to the fore again things like battleships and submarines and guns of all kinds.

## 1921 LICENSE PLATES TO BE SALMON COLOR

Not to Be Mailed Until After Xmas—License Window to be Opened on December 23

TO BE MAILED ON 26 AND 27

(By United Press)  
Indianapolis, Ind., Dec. 16.—Indiana's 1921 automobile license plates will have black figures and letters with a salmon background, according to Ed McClellan, director of the automobile department of the secretary of state's office.

"We are already receiving the application of automobile owners and we will not be able to ship out any plates until after the Christmas rush, because the postoffice will be overflowed with Christmas mail," said McClellan.

"The license window will be opened on December 23 and all those who want to come to Indianapolis to get their licenses will be able to get them at that time. The others will be mailed on the 26th or 27th," he said.

The prices for the license plates have not increased and will not be increased, according to McClellan.

Many applications have already been received by the department.

### Murat Christmas Attraction

"Adam and Eve" one of the most charming diversions the theatre has offered in many seasons is booked for an engagement at the Shubert-Murat Theatre beginning Thursday, December 23, with matinee Christmas Day, under the direction of F. Ray Comstock and Morris Gest direct from a year's run in New York and four months in Chicago. It comes to Indianapolis with a capable cast headed by Molly McIntyre, William Boyd, Berton Churchill, Di-anth Pattison, Percy Waram, Philip Tonge, Arnold Lucy, John Thorn, May McCabe, Maria Namara and David Munro.

With a wealth of brilliant lines and characters typically human, "Adam and Eve" satirizes the fads and weaknesses of the smart Long Island set in a manner most amusing. The story tells of James King a wealthy widower who is perpetually harassed by demands for money and engulfed with mountains of bills for every month incurred by his family.

Mr. King in sheer desperation plans a business trip to South America intrusting his young business manager, Adam Smith, to run his family and household affairs as he would any other business enterprise. Smith, who has never known home life, jumps at the opportunity and proceeds to obey orders with an admirable attention to detail. He

starts in by curtailing allowances and cancelling charge accounts with a firm and indiscriminate hand, thereby causing a small riot in the family. Not content with this, he upsets the even tenor of the lives of his charges, old and young, by convincing them that the King fortune has been entirely wiped out in a flurry of the stock market, thus making the earning of money by these erstwhile dwellers in the lap of luxury an absolute necessity. The manner in which these dwellers in luxury, to whom work has hitherto been a wild dream, become earnest and faithful members of the laboring class, through divers mediums of poultry, haberdashery and insurance policies, how they succeed and ultimately find contentment and happiness formerly unknown and undreamed of, make one of the brightest and happiest comedies the stage has had in years.

### The Christmas Season.

Though Christmas seems to gain rather than lose in popular favor as the years roll by, yet it is worthy of note that the Christmas season has been much curtailed from what it originally was. For several centuries it began with the eve of All Saints' day or "Hallow eve," October 31, and continued until Candlemas day, February 2. In England it is now computed only from Christmas eve to "Twelfth night," January 6, while in our own country it begins on Christmas eve and practically ends on Christmas night. Yet even now it really begins on December 16, marked in the church calendar, "O Sapientia," from the name of an anthem sung during Advent.

## Gifts Suited to Everyone

A handkerchief or a tie case, or a pair of ribbon-covered shoe-trees make gifts suited to either men or women. The tie case pictured is a length of ribbon folded envelope fashion and bound with gold braid. The handkerchief case employs narrow satin ribbon joined by fancy braid. Satin ribbon is shirred over the shoe-trees.

## Acme Pig Meal Prices Reduced Dec. 6th

ACME PIG MEAL has made a larger reduction in price per ton than CORN or any other ration, barring none. ACME PIG MEAL has been reduced \$17.50 per ton since August 1, 1920, whereas barley is selling for about the same price as a year ago, and CORN is selling at \$17 per ton less than a year ago.

The retail prices on ACME PIG MEAL, shipped in paper lined burlap bags, are as follows:

100 lbs. ACME PIG MEAL	-----	\$4.10 cwt.
500 lbs. ACME PIG MEAL	-----	3.75 cwt.
1000 lbs. ACME PIG MEAL	-----	3.70 cwt.
1 Ton ACME PIG MEAL	-----	3.65 cwt.
2 Ton ACME PIG MEAL	-----	3.60 cwt.
3 Ton ACME PIG MEAL	-----	3.55 cwt.
5 Ton ACME PIG MEAL	-----	3.50 cwt.

Prices subject to change without notice

The general opinion is, Corn, Oats, ACME PIG MEAL, ACME CALF MEAL and ACME MILK FEED have reached ROCK BOTTOM PRICES. At the present prices there is more money feeding hogs, calves and poultry than in many months.

## NAVY PROGRAM OF OTHER COUNTRIES

Before U. S. Ceases Construction, Plans of Other Nations Will be Investigated

### SOME DATA IS PRESENTED

Washington, Dec. 16—With the United States at the cross roads leading either to naval completion or world agreement to limit armaments the house naval affairs committee has set out to learn what the other great powers are doing on their warship construction business.

To gain this information, they called on Rear-Admiral Koontz, chief of naval operations. Data obtained here today upon the naval situation, including facts which Admiral Koontz was expected to make before the house, included the following:

1. Great Britain possessing a tonnage twice that of the United States, has checked building for the present.

2. The United States on the basis of the building now under construction unless Britain adopted a plan will surpass Britain's naval new building plan.

3. Japan is actively engaged in building ships but will not exceed that of the United States in 1921.

Fleming, 404 Palmetto St., Mobile, Ala., writes: "I recommend Foley Cathartic Tablets. I feel like a well woman today. My trouble was constipation." F. B. Johnson.—(Adv.) 6

**WOMAN!** Seeking Love! Blinded by Flattery and sudden fame on the stage. Following Wealth. Following Passion. Singed by the lights of the midnight rendezvous of fashion.

**BEAUTY** Stolen. Modesty lost. Conscience abandoned. The wine of the gilded cafes drained to the dregs of the slums. Then in the driving snow of a New Year's Eve, a new white path that leads to her heart's desire.

This is "Everywoman"—a vivid, spectacular beauty-drama of the old, old story—up to the second. Hundreds of thousands spent on the sumptuous sets. Played by an all-star cast of principals never equalled in another motion picture. With

## LAND CASE SENT TO HENRY COUNTY

Case of Jackson School Township  
vs Wilkinson is Sent Out of  
County for Trial

### JURY CASE ON TOMORROW

Robbins vs Mascari Will be Tried  
and Another Will Case Next  
Week—2 Divorces Dismissed

The case scheduled for trial today in circuit court of the Jackson School township against Ethel Wilkinson, et al., a suit to condemn school land, was given a change of venue and sent to Henry county.

The court previously had ordered the land condemned for school building purposes in Jackson township, but when it came for settlement, the defendants are said to have asked too much money for the ground, and the matter was taken into court to arrange a price for the land.

The jury will be used again tomorrow in circuit court when the case of the W. H. Robbins company of Greensburg against M. J. Mascari of this city will be tried. The suit is on an account in which \$177 is demanded by the plaintiff. They allege that it is an amount due on a car load of water melons sent to the local commission firm. The case was heard in Squire Stech's court this fall, in which judgment for the plaintiff was found, and an appeal was taken by the defendant to the circuit court.

Another will case will begin Monday in circuit court, which is the suit of Mary F. Bell against May D. Siler, Edwin K. Alsmen and May D. Siler as executrix of the estate and the will of Anna Martha Alsmen and is a complaint to contest the will.

The defendant has filed a motion with the court asking that a special venire of 25 names be drawn. The suit promises to attract a great deal of attention, as the will suit heard this week was the first one to be heard for several terms of court.

Two divorce suits were dismissed today in circuit court, one being the case filed by Jennie O. Scott against Thomas B. Scott, and the other one filed by Hulda McCarty against Fred McCarty. The latter case also was a complaint for support and \$1,000 alimony. Both were dismissed upon payment of the costs today.

"John Doe" or William Brady, who was found guilty on a serious charge by a jury in the circuit court a few weeks ago, has filed a motion for a new trial. Judge Sparks has never arraigned Brady since the trial, for the purpose of passing sentence. No action has been taken on his petition.

John C. Hokey, who is held in jail on a charge of embezzlement and for grand larceny, after having confessed to taking money from the I. & C. traction office, has not been arraigned yet, but is probably being held to await the outcome of several affidavits which have been filed in the city court. Hokey's bond has been placed at \$1000, which has not been provided.

## ASKS FOR PEACE IN IRELAND

British Labor to Seek Negotiations  
With Premier Lloyd George

(By United Press)

London, Dec. 16.—British labor today asked officials for peace in Ireland.

As the result of the forenoon session, the executive committee representing the labor party, arranged to send a deputy to Premier Lloyd George in the interest of peace.

This action was taken after the committee heard the report of Arthur Henderson and others who recently investigated conditions in Ireland. Henderson stated that he was convinced that the time had come for negotiations. Other members of the party remained in Ireland for a time and will investigate other cities.

## STOLEN CAR IS RECOVERED

Ford Belonging to Clarence Binford  
Found in Carthage

The Ford automobile belonging to Clarence Binford of Carthage, which was stolen while standing in front of the Carthage school building Tuesday evening, was abandoned on a side street in Carthage and was found late Wednesday afternoon.

The machine had evidently been used by joy riders and then left. It was located near a vacant house in Walnut street. The car bore the initials of the owner and could have been identified easily, which may have been the reason for the thieves abandoning it as quickly as they did. Mr. Binford was attending a basketball game between the Carthage Independents and Arlington Athletic club when the automobile was stolen.

## CODICIL OF GROVES WILL IS SET ASIDE

Jury Decides in Twenty Minutes  
Deceased Was Unduly Influenced  
in Making Codicil to Will

### FOSTER CHILD GETS PROPERTY

The jury late yesterday afternoon returned a verdict for the plaintiff in the case of Wright vs Wyatt, administrator, and the codicil to the will of Mary E. Groves was set aside as prayed in the complaint by the plaintiff, Mrs. Nellie Hunsinger Wright.

The jury was out 20 minutes, when they reached the decision on the third ballot. The evidence showed that Mary E. Groves made her home with Charles Wright and family at the corner of Seventh and Jackson streets, and the original will bequeathed the estate to a foster child, Mrs. Nellie Wright. The testimony of two witnesses showed that the codicil to the will was made a few hours prior to her death, and the property was given to Mrs. Charles Wright, a niece, in the codicil.

The jury decided that the deceased was unduly influenced and was not capable of making a codicil to the will, when so near death, and judgment was found for the plaintiff, in which the original will was held good. C. W. Duncan represented the plaintiff in the case and B. F. Miller of this city and W. K. Sparks of Connersville, the defendant.

## COUNTY ASSESSOR IS AT STATE CONFERENCE

Earl Priest Meeting With Tax Officials  
Discussing Administration  
of Law

### STATE BOARD MEMBERS SPEAK

Earl Priest, Rush county assessor, is attending the conference of county assessors of the state in Indianapolis, which was called by the state board of tax commissioners for a discussion of the administration of the tax law.

The conference opened Wednesday and was addressed by Gov. Goodrich, and Fred A. Simms of the state board. Philip Zoercher and John J. Brown, members of the state board, were on the program for today.

William C. Harrison, secretary of the board, will discuss the inheritance tax and William N. Cox, of Park county, will speak on preparatory work to be done by county taxing officials before March 1. Elmer Ferguson, of Delaware county, is scheduled to discuss work of county boards of review, and George F. Fraser, of Tippecanoe, the problems of the township assessor. George C. Bryant, a federal tax field agent, also is scheduled for an address. Round table discussions are also a part of all session programs.

## GIVES SCHEDULE FOR XMAS MAIL

Local Postoffice Issues Table in  
Which Persons Can be Guided  
About Mailing Packages

### RUSH HAS ALREADY BEGUN

Gifts to Many States Should be  
Made at Once to Insure Prompt  
Christmas Delivery

The real rush of Christmas business will begin in a day or so at the local postoffice and the force is getting prepared for the rush which always comes the week before Christmas. Several special men will be added to the force in order to keep things going and to prevent a congestion at the last moment.

The appeal to mail Christmas packages early is being made again this year as in the past. Most of the packages that have already been mailed are those that are to be sent to such distant points as California and New Mexico. Many inquiries have been made as to when packages for various states may be sent from Rushville so as to arrive in time for Christmas and in answer to these questions a schedule has been announced, giving the time at which packages must leave the local office so as to reach the various states of the Union in plenty of time. Packages that are to be sent to California for instance, should be mailed before Saturday.

To insure the delivery of gifts before Christmas it will be necessary to mail according to the schedule announced today by Assistant Postmaster Charles Brown. The schedule gives dates on which mail should be mailed from Rushville in order to reach the various places, as follows:

Friday, December 17—Arizona, California, Idaho, Nevada, Oregon, Utah, Washington, Colorado, Montana, New Mexico, North Dakota, South Dakota and Wyoming.

Saturday, December 18—Florida, Kansas, Louisiana, Maine, New Hampshire, Nebraska, Oklahoma, Texas and Vermont.

Monday, December 20—Connecticut, Delaware, Iowa, Maryland, Massachusetts, Michigan (northern peninsula), Minnesota, New Jersey, New York state, Pennsylvania, Rhode Island, Washington, D. C., and Wisconsin.

Tuesday, December 21—Alabama, Arkansas, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia.

Wednesday, December 22—Illinois, Indiana, Kentucky, Michigan (southern part) and Ohio.

Thursday, December 23—Mail for local delivery in Rushville, nearby points in Indiana and Ohio.

Friday, December 24—Mail for special delivery service in Rushville.

## ISABELLE M'DANIEL DIES AT ARLINGTON

Widow of the Late Jesse McDaniel  
Succumbs to Cancer This  
Afternoon at Age of 79

### FIVE CHILDREN SURVIVE HER

Mrs. Isabelle McDaniel, widow of the late Jesse McDaniel, died this afternoon about one o'clock at her home in Arlington, following a long illness of cancer. The deceased was 79 years old, and made her home for eighteen years with her daughter, Mrs. Fred Woods of Arlington.

Mrs. McDaniel was a member of the Christian church in Arlington, and was well known in Posey township. She is survived by the following children: Mrs. Woods of Arlington, Lee McDaniel of Indianapolis, Jasper McDaniel of Arlington, Mrs. Laura Seward of Kentucky, and Mrs. Ira Long of Arlington.

The funeral arrangements have not been completed but will probably be held Saturday afternoon at Arlington.

## SANTA CLAUS IS DEJECTED TODAY

He Expected More With Coming of  
Christmas Weather But is Again  
Disappointed

### BARE \$200 IN THE FUND NOW

Distribution by Committees From  
Two Organizations

Previously acknowledged --\$186.80  
Mr. and Mrs. S. L. Trabue 5.00  
Salvation Army Kettle 15.47

Total \$207.27  
Santa Claus was rejoicing Wednesday because the weather man came over on his side and his friends responded with approximately forty dollars for the fund which is being raised for the purpose of making a happy Christmas for the poor children of the city and the needy families who have no prospect of a good meal on the day of days.

But today he was dejected. He had ample cause to be because his friends did not keep up the good work which they started yesterday. Only one contribution was made and this, together with the faithful Salvation Army kettle's collection, was the only additions made today.

The kettle is doing stalwart duty, making its daily appeal to Christmas shoppers as they hurry along the street, but the kettle alone can not be expected to pull the Christmas fund out of the slump and put it on its feet. Santa Claus must have \$500 or more to meet the needs of the occasion and he now has a bare \$200. Santa Claus is not quite sure about the other \$300, but he has not yet lost faith in the public benefactors who have always come forward at the last moment.

The committees from the Elks and Rotary clubs, working with Capt. Marks of the Salvation Army have gone forward with their plans and are also confident that enough money will be raised to supply all of the unfortunate children and families of the city. A method of buying and distribution was decided on at meetings held Wednesday afternoon and Wednesday evening and the buying will be started in a few days. The investigations were at work this morning finishing up their part of the effort and the complete lists were to be ready by this afternoon or evening.

The plan agreed on is the following: The preparation of the baskets of food to provide an ample Christmas dinner for the families needing one, will be left entirely to the Salvation Army captain. Present indications are that there will be approximately forty families to be remembered in this way.

The baskets will be filled in the sheriff's office as was done last year and donations of food for the baskets will be received there. Farmers and Rushville people as well are urged to take contributions of any fresh vegetables or canned fruit to the sheriff's office any time Saturday or next week up until Christmas day. The baskets will be filled according to the size of the family.

The investigators prepared the names of the families on large pasteboard cards, one family to the card, and designated the number in the family, giving the names and

## FARM TENANT IS DEFENDANT

Charles Woods Alleged to Have  
Failed to Live up to Contract

A complaint for possession of real estate and \$25 damages was filed this afternoon in circuit court by James B. Hall against Charley Woods. The complaint alleges that the plaintiff is the owner of 110 acres in Richland township and has a tenant house on the land which he rented to the defendant with the understanding that he was to receive \$1.50 a day and the house for his services. The complaint states that during corn shucking time, the defendant refused to work for \$1.50 a day and demanded pay by the bushel. Because of the differences arising between the two, he is not working for the plaintiff, but still holds possession of the house.

## SATURDAY IS FIXED AS ARRAIGNMENT DAY

Men Being Arrested as Result of  
Confession of John C. Hokey  
To Come Into Court Then

### ABOUT THIRTY AFFIDAVITS

About thirty affidavits have been filed in police court, according to Prosecutor Stevens, and the police today were busy serving warrants on the men, who were said to be implicated in gambling, as brought out by the confession of John C. Hokey, a traction employee who told the officials that he lost \$375 Sunday playing games in a soft drink parlor in the western part of Rushville.

Mayor Irvin was absent from Rushville today, and he set Saturday morning at ten o'clock as the time for all men to make their appearance in connection with the affidavits.

Prosecutor Stevens stated that all warrants had not been served, but mentioned the following names against whom charges have been served or will be before Saturday: Charley Perkins, Albert Pea, Charley Sorrell, John Beale, "Nig" Bennett, Leslie Downey, Fred Jones, Gordon Bennett, Albert Sorrell and Chase Bennett.

The prosecutor stated that the above was only a partial list, and intimated that some would probably have more than one charge against them.

## MAKES FOMENTING OF STRIKES CRIME

Bill Passed by Senate Today to  
Prevent Strikes Interfering  
With Interstate Commerce

### PRISON SENTENCE ATTACHED

(By United Press)

Washington, Dec. 16.—The senate today passed the Poindexter bill which makes strikes that interfere with interstate commerce a crime.

The bill which was passed without debate, makes it illegal to foment strikes or prevent workers in interstate commerce continuing in their employment. It provides a maximum fine of \$15,000 and ten years imprisonment for violation.

It also provides in the bill that it shall be a crime for directors or managers of railroads to enter into any controversy to prevent operation of trade to bring pressure on the settlements of labor disputes.

This provides a \$500 fine or 6 months imprisonment for violation. It is believed that the bill will encounter some difficulties when it comes up in the house.

## HOLIDAY SPIRIT IN LOCAL STORES

Wealth of Christmas Greenery Used  
in Decorations Add to Their  
Attractiveness.

### STOCKS ARE WELL ARRANGED

Merchants Have Had Steady Business  
and Are Preparing For  
Increase the Last Week.

The business section of Rushville has taken on a Yuletide appearance and the merchants have been complimented upon the beauty and attractiveness of the Christmas decorations. The display windows of many of the shops have been decorated with strings of laurel and other greenery. The laurel has been placed around the edges of the windows and doors and used abundantly in the interior decorations. This practice has been followed here for several years and lends a distinctive holiday touch to the business houses.

There has probably never been a time when the display windows and the interior of the stores have been as elaborately and artistically decorated as they are this year. The majority of merchants have arranged their display windows for the last time before Christmas and they are filled with gift suggestions. Most of the windows are well illuminated and the brilliant colors sparkle under the bright lights.

With the exception of a few days, the business houses up to this time have not been crowded at any one time but the holiday trade has been steady during the month of December. One merchant in commenting on the steady business this month said that he believed that the public is realizing more and more the value of early shopping and that the Christmas buying in the early part of December and even during the month of November has served to prevent to some extent the big rush which formerly came a few days before the season closed.

The merchants, however, are looking for an exceptionally heavy business from this time, and next week is expected to be the biggest buying week of the entire year. There are always hundreds of people who do not find it convenient to make their selections weeks in advance of Christmas and many others always find some shopping that cannot be done in advance. Some of the merchants have arranged for extra clerks to be on duty next week so that the customers may receive prompt attention.

Practically every retail store in Rushville will be open of evenings next week for the accommodation of shoppers who can not go on a shopping tour in the daytime.

The Christmas stocks this year are large and have attracted wide attention. In every line there are numerous suggestions for gifts and the merchants have done everything they possibly could to select stocks that would meet with the approval of their customers.

There was a big out of town trade here last Saturday and it is expected that next Saturday will find the stores crowded most of the day.

## MEMBERSHIP IS INCREASED

Three New States Admitted to League  
of Nations Today

Geneva, Switzerland, Dec. 16.—The membership of the league of nations was raised to 46 today by the admission of the states of Luxembourg, Bulgaria and Finland.

Austria was admitted yesterday. Finland previously had shown a willingness to co-operate with the league by permitting the Ahland Island dispute to go before it.

The grand duchess of Luxembourg satisfied the league's rule and established firmly the belief that the nation would carry out international obligations.

## OIL PROMOTERS TO DRILL NEAR LAUREL

Seymour Company Leases Land East of Laurel and Whole Community is Shaken by The News

### GAS IS SAID TO BE GOOD

Laurel, Dec. 16.—Land in the vicinity of Duck Creek, east of here has been leased by the Seymour, Indiana Oil company, and preparations are already made to drill for crude oil which officials of the company believe underlies this region.

The first well will be sunk along Duck Creek. This well will cost about \$10,000. Owners of land along the creek, and, it is said, in other places where the oil is believed to be, have given numerous leases. Those who have done so include H. Cooper, Howard Clark, Glen Calpha and Oliver Buckler. According to the agreement, it is said that these men will receive one-eighth of the income if oil is found.

Gas has been found in the territory of Duck Creek. Wells on the Masters farm have been providing an abundant supply for some time. It is said that there is usually oil where gas is found and promoters of the oil-digging project base their beliefs largely on this assumption, it is said.

The immediate vicinity of Laurel itself is also believed to be underlain with crude oil, and it is probable that as soon as the actual work of the company begins wells will be sunk not far to the east of Laurel. No announcement as to when operations will begin is as yet forthcoming.

FEDERAL TAXES CAN BE REDUCED IN 1921

Rep. Mondell Says They Can be Lowered by Cutting Appropriations \$1,250,000,000

44 PERCENT OF WAR DEBT PAID

Washington, Dec. 16.—Taxes can be reduced during 1921 if congress cuts government expenditures, Representative Mondell told the house today.

Mondell advocated reducing appropriations from \$4,500,000,000 asked by government department, to \$3,250,000,000 and opposed the claim of Secretary of Treasury Houston that government revenues must be kept to four billion annually for at least two years.

He also opposed the attempts to reduce the war debt heavily during the next few years, asserting that the nation had already paid 44 percent of the war bill if loans to the allies are not considered. Mondell stated that victory notes totalling about \$4,500,000 can not be paid without increased taxes and should be changed to long term obligations.

Mondell outlined the general views of the republican leaders and told of the efforts to frame revenue policies. A general agreement was expected to be reached to make a big slack in appropriation bills which Mondell said is essential to reduce taxes.

These reductions are expected to be made in the army, navy and sundry civil appropriation bills which are said to estimate a total of \$935,000,000 in excess of the current appropriations.

SEVERE QUAKE FELT

The Mexican Outlook

Although he is a man of achievement in military activities, the new president of Mexico is primarily a business man, a substantial man of affairs in private life. He is not a grafting politician or political adventurer such as many of the men who have been prominent in Mexican affairs since the retirement of Diaz. There is every reason to believe that he will be able to enlist the support of the better element of Mexican citizenship, command the respect of

other nations, and establish orderly government in our sister Republic. In that event, which is deeply to be wished, the people of the United States may resume their commercial relations with the people of Mexico on a basis of mutual confidence and with benefit to the interests of both nations.

Mexico is in great need of the assistance of not only American capital, but of American skill in large industrial undertakings. Many of Mexico's resources are such as to require development on a large scale in order to assure the highest success. The mines, the oil deposits and even the large areas of unused agricultural and grazing lands, can best be developed by men who have had extensive experience in forming organizations for production transportation and trade. America has an abundance of capital, plenty of men who have been trained in the practical management of large enterprises, and a spirit of friendly cooperation. The new President of Mexico seems to be a man who will seek to encourage legitimate investments by foreign capital in the development of the resources of his country. The next President of the United States will be a man who will do every thing proper to cultivate friendly relations without sacrificing that national self respect which necessitates recognition of the rights of our citizens.

The administrations of Harding in the United States and of Obregon in Mexico should be remembered as marking the restoration of a feeling of mutual respect and confidence be-

tween the two great republics of North America.

What Buying Abroad Will Do

About 4000 employees of a cotton manufacturing plant recently volunteered to accept a reduction of 15 percent in wages if they could be kept at work. The company had announced that it must curtail production because of lack of orders. But coincident with this there was the publication of government statistics showing heavy increases of importations of cotton goods made in England. If the American mill worker were assured of the business that goes to Europe, there might be less talk of curtailment of American production.

One of the leaders of a Harding Democratic Club has been suspended by his local labor union because of his activities during the campaign. Evidently the union hopes to put the fear of Gompers in his heart.

We notice that people who are thinking of Europe first are getting little attention from the American people.

Mr. Harding's fishing experience in the Gulf of Mexico is remarkable in at least one respect. The fish he caught were larger than the stories he tells.

Canadian fruit growers have been worrying over the shortage of barrels. But there ought to be a comfortable surplus in the United States by this time.

A good way to close the mouth of a road critic is to ask him how much he pays toward its maintenance.

And still, we are not ready to admit that all men are evil minded. Some have no minds at all.

### S. AMERICA WISHES BETTER CABLE SERVICE

Complains to Senate About Desiring to Get News From North America Via Cables

**UNITED PRESS FIGURES**

Washington, Dec. 16—The lack of adequate American cable facilities between North America and South America and the dissemination of news, was told today to a special senate committee which is investigating the cable service in South America.

Walter Rogers, one of the American delegates to the international communication congress, told the committee of the United Press's initial dissemination of news in South America through American newspaper agencies.

He stated that there was a great demand in South America for news from this country. Rogers said that the United Press was followed into this field by another news agency. The demand for American news there is tremendous, he stated, as instanced by the way the United Press dispatches were received in South American newspapers.

He urged that greater facilities for transmission of such news be effected. The fight between the government and the Western Union Telegraph Company over the government's effort to prevent the laying at Miami of the United Press cable which was to have been connected with the British South American cable at Barbora, also was before the committee.

Acting Secretary of the State Davis upheld the government's position in the fight and Newton Carlton, president of the Western Union upheld the company's fight over the controversy.

### PLAY SHELBYVILLE HERE SHELBYVILLE PLAYS HERE FRIDAY NIGHT

Odd Fellows Will Meet Stiff Team On Tuesday Night

The Odd Fellows basketball team will meet the strong independent team from Shelbyville here on Tuesday night, on the floor at the Modern Applhange building in West Third street. The preliminary game will be played between the two high school teams from Arlington and the Webb school and this game will also attract considerable interest from the two places.

The Shelbyville team has a strong line-up and Tuesday night of this week defeated the Columbus American Legion team by a big score. The first game will begin at 7:15. The Odd Fellows will journey to Blue Ridge Saturday night for a game with the team from that place.

ages of the children and what they wish in most cases for Christmas. It is also designated on the cards which families are to receive a basket.

The cards will be divided equally between the Elks and Rotary club committees and the committees in turn will select one man for each family, who will buy the things needed for the children in the family, a given amount of money allotted to each family. The man receiving a family is responsible for the purchasing of the gifts and for their delivery Christmas morning. He may buy the gifts and prepare them at his home, and on Christmas morning, go to the court house and get a bag containing candy, nuts and an orange for each child in the family for which he is sponsor. The candy, nuts and oranges will be bought in bulk and sacked by a committee to be selected for that purpose in the meantime.

**Plants for Christmas.**

Other things being equal, it is better to buy plants near one's home than to travel afar. Do not be tempted, even by cheap offers, to go miles away, for counting car fares, packing, expressage and lost time, the ultimate cost is very likely to be more than if you paid a good deal higher price at home. Of course it may happen that one grower or florist has a large stock of some one thing and can sell at a low rate, but dealers usually have an understanding with one another especially regarding holiday prices, and for weeks before the holiday season they have been balancing stock with each other, so that the better quality plants are of an almost fixed value.

**Christmas in Days of Yore.**

There are many old and stately ceremonies and many historical events connected with Christmas that are well worth perusing, and that give us glimpses of ye ancient times when our fathers and our fathers' forefathers celebrated and revelled and gave of their abundance to those for whom nothing was prepared.

### SUM OF \$200,000 TO BE ASKED FOR GUARD

Legislature Will be Requested to Maintain New Military Organization, it is Announced

**PLANS ARE PROCEEDING**

Indianapolis, Ind., Dec. 16—An appropriation of \$200,000 will be asked of the legislature in January for the expense of organizing and maintaining Indiana's new national guard, Adjutant General Harry Smith said in a statement issued here.

This is the same amount used in the national guard activities in 1917 and 1918 when the guard was being organized and sent to war.

Believing that the new Indiana guard will be equipped by the federal government, General Smith, explained that the money he asked for, will be necessary for organizing the guard, restrictive expenses and purchase of armory.

General Smith is proceeding with the plans of the guard for next year which indicates that he has been assured of being reappointed to the place by Governor-elect McCray.

### High School Basketball Team Will be Accompanied by Large Delegation of Rooters

**COMING WITH CLEAN RECORD**

The Shelbyville high school basketball team comes here tomorrow night for a game with the Rushville high school and one of the best games of the season is expected to take place, because of the strength of the visiting team. They come here with a clean record so far this season, and it will be up to the local team to give them their first defeat.

Rushville has been playing fast ball the last month and every team it has met has gone down in defeat. The victory over the Columbus team last Friday at Columbus, shows that Rushville is now playing real ball and if they hold out for a few more games a winning team will be sent from Rushville to the state tourney next March.

Shelbyville will send a large delegation to this city and a preliminary game will be played beginning at 7:15 but it is not known yet what teams will play in this game.

Basketball fans in Rush county the anxiously looking forward for the game here next Wednesday, when the Milroy high school plays a return game here and Coach Sutton is confident that if Shelbyville falls tomorrow night, that a victory is certain over the Milroy team.

Federal Grand Jury Again Looks Into Several Different Matters Concerning That City

**SEVERAL LAWS VIOLATED**

Indianapolis, Ind., Dec. 16—Activities in the government building here indicated the federal grand jury moved rapidly in its investigation of the alleged violation of the national laws in Muncie.

Several important witnesses lingering around the jails and government buildings were eager in their activities. Among those at the door to go before the grand jury for violations in Muncie were Jean Williams, former deputy prosecuting attorney Delaware county, and John Noles, former member of the police force.

Those waiting to appear before the grand jury indicated the government was investigating not only the violation of the liquor laws, election and postal laws but also of the drug law.

Mahoning council will have degree work and a pitch-in supper at the lodge rooms Friday evening. A big attendance is desired.

Mrs. William Higgs delightfully entertained the members of the Industrial club today with an all day quilting party, at her home in West Fifth street. At noon a delicious pitch-in dinner was served and the remainder of the day was enjoyed in quilting. A large attendance was present for the meeting.

The First Baptist Ladies Aid society held a business meeting yesterday afternoon at the home of Mrs. E. E. Perrin in North Morgan street. During the business session the following officers were elected for the coming year: Mrs. Robert Stewart, president; Mrs. E. E. Perrin, vice-president; Mrs. Clifford Steffy, secretary; and Mrs. Charles Casey, treasurer. No other business of importance was transacted at this meeting. There was a large attendance at this session.

Mrs. Alva Newhouse entertained with a birthday party Tuesday afternoon during the hours of 3:30 to 5:30, honoring her little daughter Ruth's eighth birthday. The hours were enjoyed with games and music and at the close of the party the little girls were invited into the dining room where delicious refreshments of ice cream, cake and candy was served. The centerpiece for the table was a large birthday cake adorned with eight candles. Small dolls were given as favors. The guests were Frances Beale, Opal Estes, Virginia Innis, Eloise Morris, Helen Francis, Mary Price, Helen Price, Dorothy Conner, Alice Newbold and Betty Carmel.

Mrs. A. G. Abernathy of Homer was hostess for the Christmas meeting of the Homer Embroidery club at her home in that vicinity. There were thirteen of the member present and their husbands and Mrs. E. L. Sever, of Waldron were also present. The home was beautifully

I used to watch for Santa Claus  
With childish faith sublime,  
And listen in the snowy night  
To hear his sleigh-bells chime.  
Beside the door on Christmas Eve  
I put a truss of hay,  
To feed the prancing, dancing steeds  
That sped him on his way.

If children of a larger growth  
Could have a Christmas tree

Would be enough for me—

And trifles light and vain,  
But give me back my old belief

## Santa Claus Uses Thirty Million Feet Lumber For His Many Toys

**Wood Holds First Place For American Made Toys Because of The Cheapness and Are Most Suitable For Age of Those Who Receive Toys.**

(By United Press)  
Washington, Dec. 16.—"Wrap with care if you care a rap," says the Postoffice Department to everybody who is in private consultation with Santa Claus these days. This is particularly to be impressed upon those who are telling Santa Claus about toys for certain people, says the American Forestry Association. The American toy business is a big one and the shipment of these toys is a business in itself. Thirty million feet of lumber is used every year in the American toy business. The question of "bucking" the foreign-made article is up to the consumer and all he has to do is to demand the home-made article.

When the mechanical toy is taken into consideration some idea of the immensity of the toy business may be gained, the American Forestry Association adds when you stop to figure how many jumping jacks, for example can be made from thirty million feet of lumber. Wood holds first place in the material for toys, because of cheapness and because the articles of metal are not suitable for the age of those for whom toys are intended.

There seems to be no end to the kinds of things that appeal to children and the fact of the matter is here are styles in toys just as there are in other things. A war will decide the run of toys for a period. All of us remember the vogue of things Russian and Japanese during the war between those countries. The World War brought to the fore again things like battleships and submarines and guns of all kinds.

## 1921 LICENSE PLATES TO BE SALMON COLOR

Not to Be Mailed Until After Xmas  
—License Window to be Opened on December 23

TO BE MAILED ON 26 AND 27

(By United Press)  
Indianapolis, Ind., Dec. 16.—Indiana's 1921 automobile license plates will have black figures and letters with a salmon background, according to Ed McClellan, director of the automobile department of the secretary of state's office. "We are already receiving the application of automobile owners and we will not be able to ship out any plates until after the Christmas rush, because the postoffice will be overflowed with Christmas mail," said McClellan.

"The license window will be opened on December 23 and all those who want to come to Indianapolis to get their licenses will be able to get them at that time. The others will be mailed on the 26th or 27th," he said.

The prices for the license plates have not increased and will not be increased, according to McClellan. Many applications have already been received by the department.

### Murat Christmas Attraction

"Adam and Eve" one of the most charming diversions the theatre has offered in many seasons is booked for an engagement at the Shubert-Murat Theatre beginning Thursday, December 23, with matinee Christmas Day, under the direction of F. Ray Comstock and Morris Gest direct from a year's run in New York and four months in Chicago. It comes to Indianapolis with a capable cast headed by Molly McIntyre, William Boyd, Berton Churchill, Di-anth Pattison, Percy Waram, Philip Tonge, Arnold Luey, John Thorn, May McCabe, Maria Namara and David Munro.

With a wealth of brilliant lines and characters typically human, "Adam and Eve" satirizes the fads and weaknesses of the smart Long Island set in a manner most amusing. The story tells of James King a wealthy widower who is perpetually harassed by demands for money and engulfed with mountains of bills for every month incurred by his family.

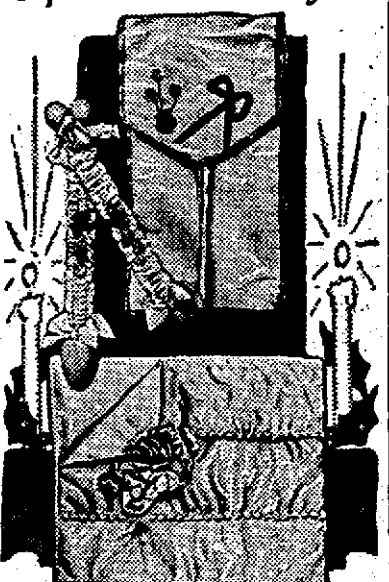

Mr. King in sheer desperation plans a business trip to South America intrusting his young business manager, Adam Smith, to run his family and household affairs as he would any other business enterprise. Smith, who has never known home life, jumps at the opportunity and proceeds to obey orders with an admirable attention to detail. He

starts in by curtailing allowances and cancelling charge accounts with a firm and indiscriminate hand, thereby causing a small riot in the family. Not content with this, he upsets the even tenor of the lives of his charges, old and young, by convincing them that the King fortune has been entirely wiped out in a flurry of the stock market, thus making the earning of money by these erstwhile dwellers in the lap of luxury an absolute necessity. The manner in which these dwellers in luxury, to whom work has hitherto been a wild dream, become earnest and faithful members of the laboring class, through divers mediums of poultry, haberdashery and insurance policies, how they succeed and ultimately find contentment and happiness formerly unknown and undreamed of, make one of the brightest and happiest comedies the stage has had in years.

### The Christmas Season.

Though Christmas seems to gain rather than lose in popular favor as the years roll by, yet it is worthy of note that the Christmas season has been much curtailed from what it originally was. For several centuries it began with the eve of All Saints' day or "Hallow eve," October 31, and continued until Candlemas day, February 2. In England it is now computed only from Christmas eve to "Twelfth night," January 6, while in our own country it begins on Christmas eve and practically ends on Christmas night. Yet even now it really begins on December 16, marked in the church calendar, "O Sapientia," from the name of an anthem sung during Advent.

HOTEL CLERK TESTIFIES

A person often does more good than he realizes when he tells a suffering friend how to get well. J. N. Tobill, clerk Lottie Hotel, Evansville, Ind., writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." Good for backache, rheumatic pains, stiff joints, sore muscles. F. B. Johnson.—(Adv.) 5

SOME DATA IS PRESENTED

Washington, Dec. 16—With the  
United States at the cross roads  
leading either to naval completion  
or world agreement to limit arma-  
ments the house naval affairs com-  
mittee has set out to learn what the  
other great powers are doing on  
their warship construction business.  
To gain this information, they  
called on Rear-Admiral Koontz,  
chief of naval operations. Data ob-  
tained here today upon the naval  
situation, including facts which  
Admiral Koontz was expected to  
make before the house, included the  
following:  
1. Great Britain, possessing a  
tonnage twice that of the United  
States, has checked building for the  
present.  
2 The United States on the basis  
of the building now under construc-  
tion will surpass Britain's naval  
new building plan.  
3 Japan is actively engaged in  
building ships but will not exceed  
that of the United States in 1921.

SLOWING UP IN WINTER

Lack of outdoor exercise, and  
heavy meals in winter disturb diges-  
tion. The bowels should not be clog-  
ged with undigested, poisonous  
waste matter. Foley Cathartic Tab-  
lets cleanse the bowels without grip-  
ing or nausea, banish biliousness  
and headaches, bloating gas, bad  
breath, and sweeten the stomach.  
Annie H. Fleming, 404 Palmetto  
St., Mobile, Ala., writes: "I recom-  
mend Foley Cathartic Tablets. I  
feel like a well woman today. My  
trouble was constipation." F. B.  
Johnson.—(Adv.)

'Everywoman'

A Paramount Artcraft Picture

(By Arrangement with Henry W. Savage)  
With  
Violet Heming, Theodore Roberts  
and Wanda Hawley

WOMAN! Seeking Love! Blinded by Flattery  
and sudden fame on the stage. Following  
Wealth. Following Passion. Singed by the  
lights of the midnight rendezvous of fashion.

BEAUTY Stolen. Modesty lost. Conscience  
abandoned. The wing of the gilded cafes  
drained to the dregs of the slums. Then in the  
driving snow of a New Year's Eve, a new white  
path that leads to her heart's desire.

This is "Everywoman"—a vivid, spectacular  
beauty-drama of the old, old story—up to the  
second. Hundreds of thousands spent on the  
sumptuous sets. Played by an all-star cast  
of principals never equalled in another motion

## The New Comfort

Why Music in the Home?

Music puts sunshine into the heart.

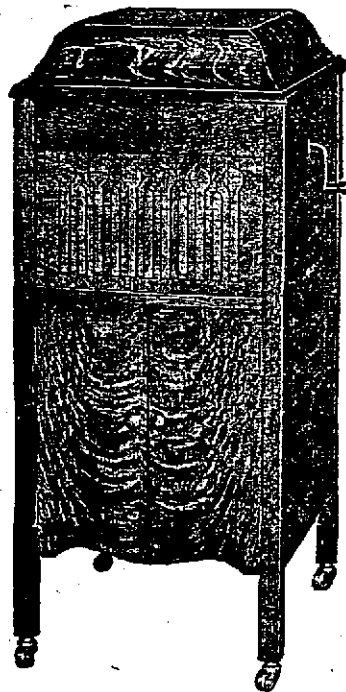

Have you ever gone home from work or school with a longing in your soul for something that the home does not supply? Perhaps that longing is for music. There is some kind of music that fits every occasion and every mood for every type of person. It refreshes us when we work and adds gaiety to the play.

Santa says: "The reason I brought a New Comfort to

the home is because it is a gift that every member of the family will enjoy for years to come."

Call at our store, see the machine, hear it, get our prices and terms and then convince yourself.

Our prices are below competition

No home is considered well and completely furnished these days without a talking machine.

We have absolutely the best phonograph buy on the market today. The NEW COMFORT Phonograph has no superior.

Plays all records with no change of needle or reproducer.

Look elsewhere, then come here, we will save you money.

Only a few more shopping days till Xmas. We have only a limited number of machines left. Better make a selection now and we will deliver it just when you wish.

Sold on easy payment plan.

We will treat you right.

Come in and see us.

WE HAVE A NEW XMAS LINE OF MOULDINGS, OVAL AND SWINGING EASLE FRAMES FOR YOUR INSPECTION. BRING US YOUR XMAS FRAMING.
